DEDICATED TO MRS. AUDREY BEAUDOIN

The yearbook staff and the students of the Southeastern Technical Institute dedicate this book to Mrs. Audrey Beaudoin. Without her assistance, guidance and direction this book would never have been published. Her organization in setting up appointments for pictures, working with the photographer to insure full coverage of candid pictures in all areas of the Technical Institute must not go by without recognition.

So, to you Mrs. Beaudoin, many thanks for all that you have done as a class advisor and yearbook advisor. Be assured that all of us will be reminded of your dedication each time we pick up this 1982 yearbook.

TO THE STUDENT BODY

Robert W. Magner, Technical Institute Director

To the graduates of the class of 1982, may I extend to you my congratulations. For those of you who will be remaining here, I wish you good luck. Your preparation here at Southeastern Technical Institute has offered each of you an opportunity to excel in the profession that you have chosen. I wish each and every one of you success and a good life.

Sincerely,
Robert W. Magner

SCHOOL COMMITTEE

Nursing

Warren Turner,
Electronics

DATA PROCESSING

The Data Processing course is a two year program that deals with the programming of 3 languages: COBOL, RPG, and BASIC. Other academic courses that are required Math, English, and Accounting.

The first year mainly consist of an introduction to all programming languages and learning the operations of our Univac 90/30 computer. The second year is more involved with learning how to make use of tape and disk drives. Late in Febuary all students are placed on a 3 month co-op program to gain experience working in the business world.

Lisa Armstead

Dianne Cogswell

Debra Knight

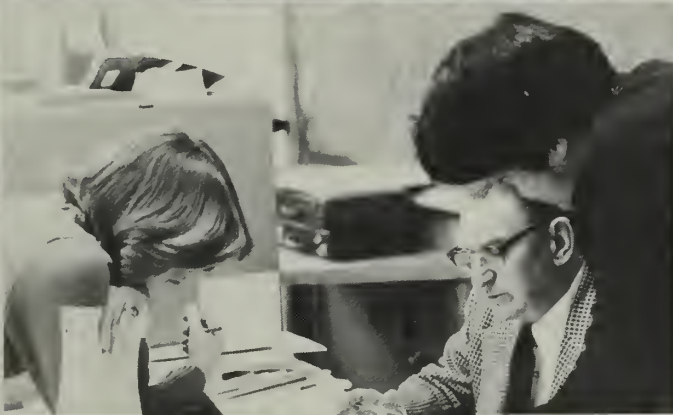

I love to watch Jim
work.

And they think I'm so
dumb!

Do I have Maryanne's
smile?

Mark Morel

Kellie Pollard

Raymond Sigmund

Four Brilliant Seniors
at work

We'll help you Mr.
Craig

Hey! Look it is written
in latin . .

Jennifer Upham

Larry Urbano

Mary Ann Young

missing: Scott Atwood,
Joe D'Urso, Brian Ed-
lund

What are Lisa and Kellie going to do now?

I will never understand why Debbie gets all the attention.

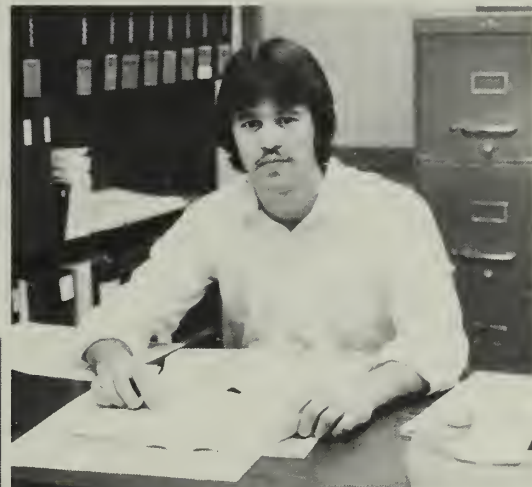

Well Kellie, as usual, this program is beyond repair.

Oh, so this is how it works Helen.

What the hell is this thing talking about now?

Faking work again.

JUNIOR CLASS OF DATA PROCESSING

Front row: Brian Calahoun, Rick Rindini, Kathy Sheehan, Sheila Hurley, Debbie Brown, Jeanne Sheridan, Mr. Craig Second row: Mike Kondracki, Julia Ford, Karen Preston, Marcia Rudinsky, Debbie Page, Anne Mc Laughlin Third row: Steve Sundell, Janice Hurwitz, Helen Roherge, Rebecca Kelly, Karen Ricci, John Kearney, Barry Rideout Missing from picture: Scott Burgess, Anne Crowley, Kathy McCarron, Scott Nickerson, Gary Walat

I will never understand how this computer works.

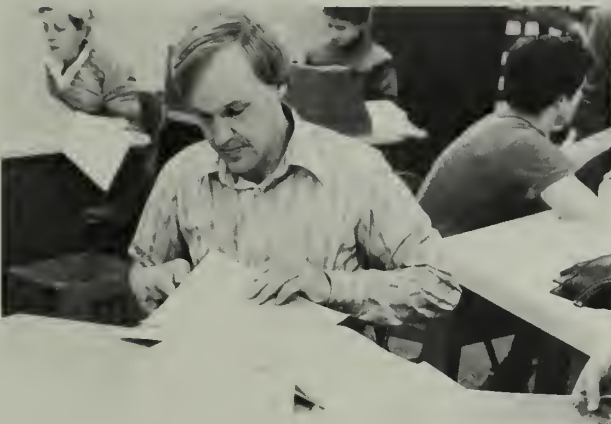

Too many stupid errors again.

I can't get that MA student off my mind.

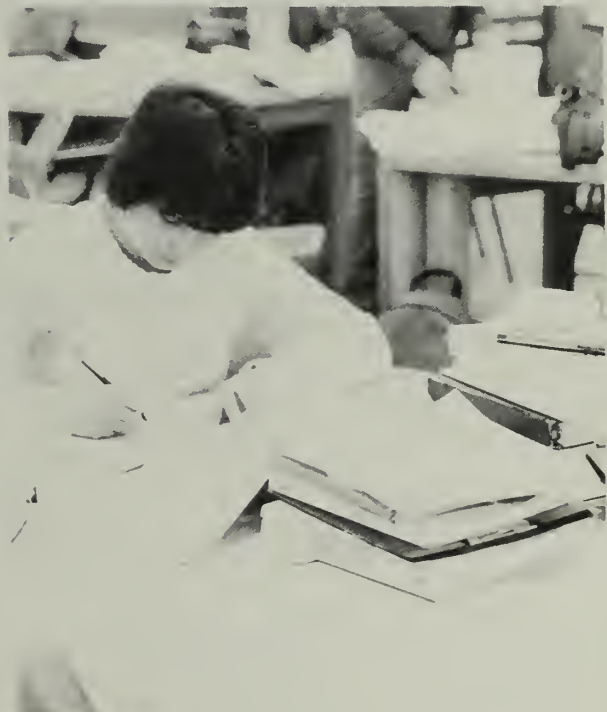

Only 106 diagnostic notes to go.

Whiz kid at work.

Quick, eat! Mike is coming.

Right again.

Does anyone know what they're doing?

What a joke "RPG" is!

John in high gear.

Scheming up another plan (without Rick knowing).

DENTAL ASSISTING

This program prepares students to become contributing members of the Dental Health care team.

This preparation involves a hands on training in Radiology, chairside, lab procedures and numerous other supportive courses that directs us to a full-filling career as Dental Assistants.

Our experience as externing students in the clinics and offices advance us into more capable members of the Dental Team providing us with future growth through job security and further education.

Beaudoin, Mary-Jane Periera, Sheli Robbins, Stephanie Taylor

It goes like this-ya know?

But Mrs Beaudoin, you said . . .

Look Linda-no cavities

Gina the Janitor.

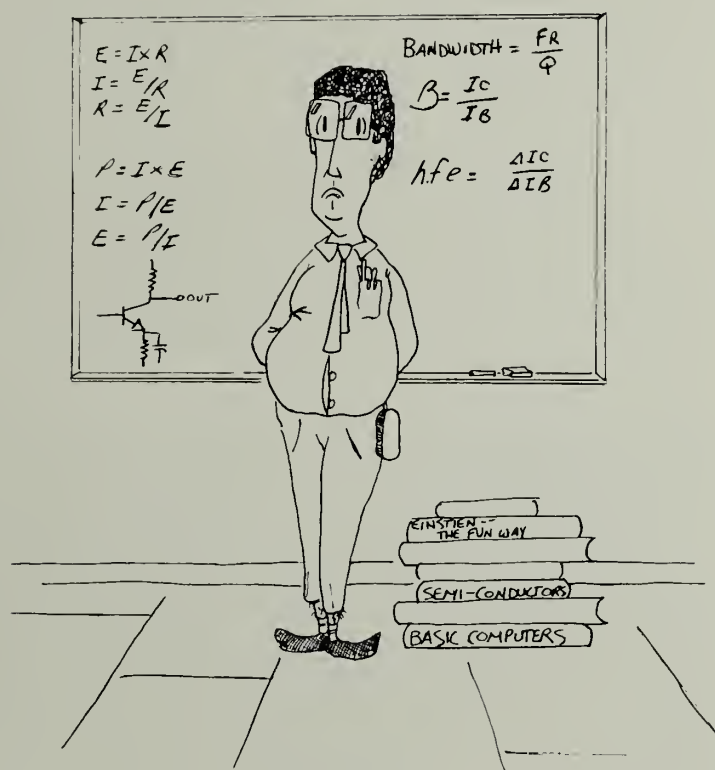

Deb, you don't make a very good first impression.

Magner T.I. and Higgens

ELECTRONIC TECHNOLOGY

Electronics is a two year program. The first year's class, taught by Mr. Warren Turner, is a course in basic electronics and construction of a micro-processor. Mr. Richard Kellogg teaches the second year class which consists of an in depth study of digital electronics and programming of the micro-processor unit. Further areas of studies are: Physics, Math, and English.

Ralph Swanson programming his 80-80

Jeff Peieira sleeping on the job

ELECTRONIC TECHNOLOGY

Mr. Richard Kellogg

Mr. Warren Turner tutoring Kevin Gately and Bob Beattie.

Mike Carpenter working ??????

Dan Burns figuring out a homework problem.

MEDICAL ASSISTANTS

The Medical Assisting program at Southeastern Technical Institute is a ten month program in which you learn the administrative and clinical procedures for working in a medical office. The first seven months of the course exposes the student to the needed academic courses. The remaining three months is spent out in a physician's office for on the job training.

Another day of BP's.

Mary-ann a mad scientist at work.

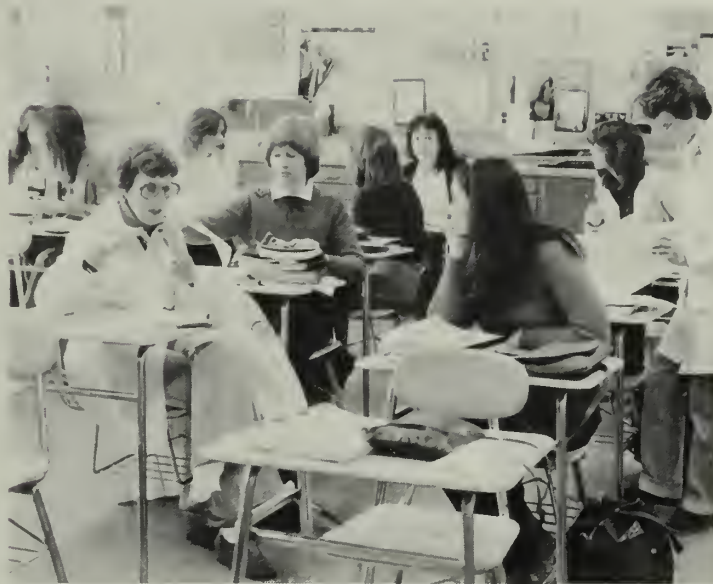

"Kathy, I'm OK, but does Donna know what she's doing?"

Suzanne Ledoux and Mariellen watching the clock for 2:10.

"If he's not here in 5 minutes how about Chinese?"

"Yes?"

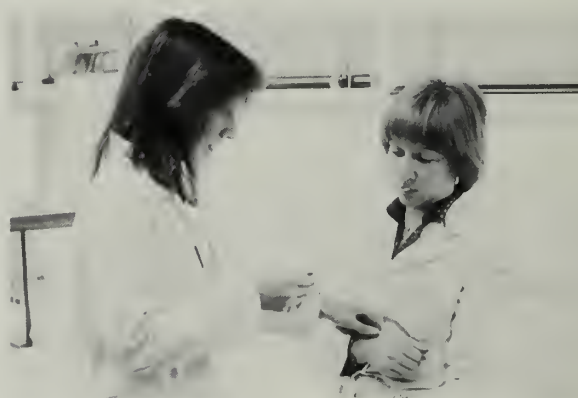

"You're supposed to blow it out not suck it in!"

"Don't worry Maryann, it only hurts for a little while."

Cheryl Dale-Medical Assistant.

"Breathe deeper!"

Southeastern's first test tube baby!

MEDICAL LABORATORY

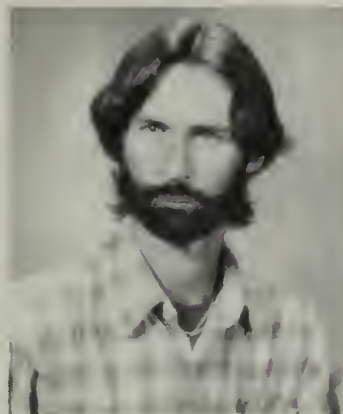

Chemistry, Micro, Hemo, Extern are just a few of the courses that the students in the Med Lab Tech must experience in preparation for certification as a MLT-C. We the graduating class of the laboratory tech feel that, although we spent untold hours of work and study, we have been well prepared to enter this profession. Southeastern Technical Institute has given us the necessary background to not only secure a position in a laboratory, but has also prepared us for continued education and future growth.

IMPROVED TIDY BOWL!..."

Fran doing prothrombin lab.

DIFF'S UGH!!!

PRACTICAL NURSING

Licensed practical nurses are vital accountable members of the health care team who provide direct care to individuals who have common illnesses or disabilities with fairly predictable outcomes. They are technically skilled and participate in the assesment, planning, implementation and evaluation of patient care in supervised health care settings such as hospitals, rehabilitation and long term care agencies and nursing homes. The program in practical nursing consists of theory drawn from physical, social and nursing science. Concurrent, supervised clinical nursing practice is provided in child, adult, and maternal newborn settings in cooperation with various community hospitals. Upon completion of the program, the graduate is eligible to write the state board test pool examination for licensure.

activities

STUDENT COUNCIL

Front row - Regina Fraccastoro Lisa Armstead 2nd row- Michele Pratt Suzanne Wagner Nancy Joseph 3rd- Rick Rindini Dianne Willis Joanne Klim Mrs. Audrey Beaudoin Advisor Missing- Patti Berolini

Throughout the school year STUC sponsored many activities such as The Ski Trip, Cake Sale, Toothbrush Sale, Stethoscope Sale, School X-Mass Party and the X-Mass Party at the Red Baron Lounge. These activities not only raised money to help lower the cost of the yearbook, they brought the TI students closer and made the school year a little more enjoyable.

X-MASS PARTY

Boy, this is fun!

Which way did he go?

Pigging out at the X-mass party.

At the hop.

Oh what fun.

X-MASS PARTY

Chow time!

Don't we make a cute couple?

Smile you're on candid camera.

He went that away.

It's Miller time.

SKI TRIPS

Buzzing!

Sue, What are you hiding?

So, Jay can't hold his brew!

Booze makes strange bedfellows.

Friday night in the rec room.

C-C-Courage!!!

Needless to say we had a blast.

Best wishes to all you new grads from an old grad! Rob Ramsden
 Congratulations Natalie, Love Dad
 Congratulations Mom & all you other grads. The Hamm Family: All 18 of us
 Best of luck Natalie, Love Ma, Bob, Michelle, and Joseph
 Congratulations Joanne! Mom and Dad Klim
 Mr. Bradford Chase "Compliments of Fred and Folks"
 To a Sweet Daughter- Don't ever change! Bill Clark
 Best wishes for a great future in in your new profession: Cleon and Claire Fobes
 Best Fishes Laurel and Hardy, Love, Steve and Lisa
 You did it Mom: Love, Juliane, and Danielle
 Congratulations- Well done Tricia: Delia and Bill
 Best of luck in everything, and God Bless you, Stephanie, Aunt Charl and Uncle Sonny
 To Steph Love and Kindness is something they don't teach in college and is also something people do not show anymore. You have both qualities. I know for sure. Love, Mike

This is the third year that the Student Government Representatives have produced a yearbook. Each year it is a unique and fun experience for me as well as the students. The Reps reduced the cost of your yearbook this year by \$12.00 a book. It took alot of work and time on their part. I would like to extend a special thanks to the nursing department for their contribution and also to Phil McCarron for his great art work. It has been a pleasure!

Audrey B. Beaudoin, Advisor
